Dear Brian Martin,

I would like to express my gratitude for the way Dominick Solano and his crew handled the job in our basement. They showed up within an hour of the disaster, and worked until 11:30 that night. Needing my basement back in working order (so I could have training) they worked late almost every night and spent the whole weekend making sure it was finished. His crew was very polite and professional making sure I was able to find everything to keep my company running despite all the boxes they had to pack up. Please send my sincere thanks to everyone who worked so hard to make things whole again. I definitely recommend your company.

You made a bad situation bearable.

Thanks for everything

Chris Martin
